Agricultural Societies Council of New South Wales Limited and (**Name of Show**)..... (together **the Suppliers**) advise that participation (including passive participation) in animal handling at an agricultural show contains elements of risk, both obvious and inherent. The handling of animals is a dangerous recreational activity as animals can act in a sudden and unpredictable way, especially when frightened or hurt.

  - 1.7 insects or other animals may cause animals to become frightened and act in an unpredictable way;
  - 1.8 there is inherent in events involving the handling of animals the risk of suffering injury including injuries caused by animals; and
  - 1.9 I use the facilities supplied for the event entirely at my own risk, as I find them and with the prior acceptance of the risk of possible danger to me.

I acknowledge that the event and associated activities carry with them a significant risk of physical harm. I accept and assume all such risks of personal injury or death in anyway whatsoever arising from these activities and hereby waive my individual right to sue the Suppliers for all claims I or my representatives may have for such personal injury or death against the Suppliers in any way whatsoever arising from or in connection with these activities.
- 4 At the time of participating in the event, I have not been to any degree under the influence of alcohol or illicit drugs.
- 5 I will not consume any alcohol or illicit drugs while participating in the Event and agree that such use may result in my being excluded from the Event or other events with no entitlement to any refund of money paid for entry to the Suppliers.
- 6 I agree to be bound by the rules and guidelines of the Agricultural Societies Council of New South Wales Limited as varied from time to time.

**CARPORTs**

We are experts in designing, supplying and installing quality Australian-made steel sheds, garages, carports, patios and kit homes. Our steel sheds can be used across a range of residential, rural and commercial applications so if you can dream it, we can create it.

Our BlueScope Steel shed range can easily be adapted into an equestrian arena or tailor-made horse stable. As we work with a portal frame system, we're able to add bays, adjust the widths and nominate whether they are open or lock-up.

Not all sheds are the same so ensure you work with a ShedSafe accredited supplier, like THE Shed Company, when creating your new livestock or horse shed. We conduct site specific engineering on every job, and our pre-engineering meets the requirements of the Building Code of Australia.
